

Asahi/America Inc.

Wafer Check Valves

- Manufactured in the U.S.A. by Asahi/America inc.
- Size Range: 10" & 12"
- Available in PVC with EPDM or FKM seals
- PVC Cell Classification: 12454
- No Pipe Interference with disc in full open position
- Wafer style fits between 2-mating flanges
- No bolt pattern – Permits installation using ANSI/JIS/DIN mating flanges
- Horizontal or vertical installation
- Face to face meets ASME/ANSI B16.10
- Optional 316 SS spring ECTFE coated – No metal to media contact
- Excellent Chemical Resistance
- Max Pressure 90 psi
- Max Temperature 120°F

Wafer Check Valves

Size	Description	EPDM Part Number	FKM Part Number
10"	PVC Wafer Check Valve	111201100	111205100
10"	PVC Wafer Check Valve w/ Spring	111206100	111207100
12"	PVC Wafer Check Valve	111201120	111205120
12"	PVC Wafer Check Valve w/ Spring	111206120	111207120
